Rehearsal Space

£10 per hour- discount available for young people in education. This includes use of a small 10 channel PA, and microphones- used by yourselves. A techie can get you started. A techie can stay with you at an additional charge.

Recording and mastering

From £14 per hour. We have professional recording equipment with the core equipment being our Studio live desk, Pro tools and a variety of microphones. Steve Bull , our resident engineer will work with you to make sure you meet your aspirations. Steve is well known in the Inverness and Glasgow areas for the quality of his work. See www.stevebullproductions.co.uk

Acoustic Music “ club”

3rd Tuesday in most months. We aim for a new performer and a more established one, as well as Open Mic. No charge but donations welcome

Live Music for your event

You need some performers or even a complete stage in a tent? We can supply the whole package; gazebo. PA, lights, musicians and engineer

Live music here !

If you want to put on a gig talk to us. If you want us to engineer a gig elsewhere talk to us !

Photography/ Videography.

Need some good photo's and a decent video to put on line. Steve will work with you to get what you want

Stage Management.

We already organise and host stages at the Tartan Heart and amaSing festivals

Education Programmes.

This is Glachbeg's main business, and we are keen to help young people learn, and this can include aspects of the music industry.
